
Horizon by Embark shortlisted at Fund Manager of The Year Awards 2020

Thursday, 25 June 2020

Horizon by Embark has been recognised by industry peers as one of the best performing funds in the Managed Balanced sector. The awards, regarded by many as the 'Oscars' of fund management, celebrate the outstanding achievements of fund managers who are shaping the future of the investment industry.

Investment Week's prestigious Fund Manager of the Year awards shortlists the best performing fund managers within their respective sectors. Only the best funds are shortlisted and the aim is to highlight managers that, in the judge's opinion, will not disappoint in the future.

Commenting on the award, Horizon's Chief Executive Officer Thomas Rostron said; "Being shortlisted at the awards this year is a testament to Horizon's long track record of strong performance - we're delighted to be nominated."

The winners will be announced via a special online ceremony on Thursday 25th June.
