

The background of the entire page is a close-up, low-angle shot of a dense array of fiber optic cables. The cables are bundled together and extend from the bottom left towards the top right. A bright, starburst-like light emanates from a point in the middle of the cables, creating a strong sense of depth and focus. The light is primarily blue and white, with some orange and red hues visible on the cable jackets. The overall effect is one of high-tech connectivity and data flow.
